

NOTICE

The City of Ocean Shores Water Department will be flushing fire hydrants in the south western areas of the City in December. Work will be conducted in the vicinity of Pt. Brown Ave. and Wawona St. from S. Razor Clam Dr. to Discovery Ave. on December 5th and 6th and from Butterclam St. SW to Marine View Drive on December 19th and 20th. It is common for flushing activities to stir up sediment in the water lines surrounding the work areas. We recommend that you do not use hot water during the hours of 8 AM and 4 PM on the days shown above. If you experience discoloration of your water, please run the COLD water tap for a few minutes until it clears. If you must use hot water during flushing operations, we strongly recommend flushing your hot water tank after our operations are complete.

A map of the work area can be viewed at www.osgov.com. If you have any questions or require additional information please contact us by phone at 289-4210 or email at mtobert@osgov.com.
