

JOB ANNOUNCEMENT

Maintenance III/Control System Specialist

Full-time Union Represented

Salary

\$4776-95-\$5,862.44 per month

The City of Ocean Shores is accepting applications for a full-time Maintenance III/Control System Specialist. Duties include but are not limited to: designing, developing, implementing, troubleshooting, and maintaining the Supervisory Control and Data Acquisition (SCADA) and the Instrumentation and Control (I&C) systems using the programming through programmable logic controllers (PLCs) for the water treatment plant, wastewater treatment plant, water pump stations, sewer vacuum stations, and sewer pump stations. Must be able to establish and maintain effective working relationships with City staff, City officials, clients, contractors, developers, other professionals, government agencies, and the general public. All other duties as assigned.

Qualifications include: High School Diploma or GED with five (5) years of experience in the operation and programming of real-time process control systems, OR any combination of education and experience which demonstrates competency. Requires demonstrated experience writing and reading ladder logic and programming networked HMI applications. Previous background in the water/wastewater industry and mechanical and electrical experience desired. Additional requirements include a valid Washington State Driver's License and a driving record acceptable to the City's insurance carrier; State of Washington Flagging Certificate; First Aid/CPR certification; Certification as a plant operator, distribution manager, or electrician certificate in the State of Washington is desirable.

For a complete job description and application, visit www.osgov.com or contact dasmith@osgov.com.

Please submit completed application to City Hall no later than 4:00 p.m. on Friday, May 17, 2019, in one of the following ways:

- **In Person:** 585 Pt. Brown Ave. NW, Ocean Shores, WA
